

Curb Sign

EXTERIOR: PRIMARY

One of our primary exterior signs is the Curb Sign. This sign represents a main identifying element for all Auto Credit Express branch offices to inform passing vehicular traffic. It features a lightweight, highly portable, wind- and weather-resistant base and poster inserts.

The Curb Sign has a secure poster frame mounted to a dual-spring base which allows it to give in severe weather. The Curb Sign has been tested to withstand wind gusts up to 75 mph. The frame is constructed of steel that is powder coated to resist rust. The poster inserts are constructed of vinyl lettering on rigid, lightweight styrene panels.

GENERAL SPECIFICATIONS

**Two-Sided Portable Curb Sign
#0501.E01**
